NOTICE TO GRADUATES AND UNDERGRADUATES.

SPECIAL COMMERCIAL TRAINING CLASS TO BE OPENED IN THE GOVERNMENT SCHOOL OF COMMERCE, CALICUT.

ADMISSION OF STUDENTS.

With a view to create a supply of teachers qualified to impart instruction in the commercial subjects prescribed under Group C for the Secondary School Leaving Certificate, the opening of a special class for the training of commercial teachers at the Government School of Commerce, Calicut, has been sanctioned by the Government with effect from January 1910.

2. Admission into this class will be confined to graduates and undergraduates who have passed the First Examination in Arts or other approved examination and who are already teachers of recognised institutions or who intend to make teaching their profession. The maximum number of students

that can be admitted into this class is 0 year to 23. At least twelve seats will be reserved for graduates, and the rest will be filled in by under graduates. The following rates of stipend will be awarded to the candidates selected and admitted into the class during the period of their training :—

	Rates of stipend.
Graduates	Rs. 30 *per mensem*.
Others	" 20 "

3. The course of training is for one year from January to December, and it will include Book-keeping, Commercial Practice and Banking, and Shorthand. The students will also be taught the methods of conducting and superintending a Typewriting class. The class will commence work on the 25th January 1910.

4. The stipendiaries will, as in ordinary training schools, be required to execute bonds in such form as may be prescribed. Certificates of proficiency will be granted by the Director of Public Instruction to those who have completed a course of training in the special class and have given satisfactory evidence of their progress as tested by an examination held in the school at the end of their course.

5. Applications are invited from candidates who seek admission into the class for training in 1910. The candidates selected must be prepared to join the class within a week from the date they receive intimation of their selection. During the period of their training the students must not engage in any outside work.

6. Applications should be made in the subjoined form and they should be countersigned by the manager or head of a recognised institution, or by the Inspector of Schools of the circle to which they belong. Candidates may submit their applications in the prescribed form in manuscript. All applications should reach the Headmaster, School of Commerce, Calicut, not later than the 15th January 1910.

SECONDARY SCHOOL LEAVING CERTIFICATES.

It is hoped that certificate forms as finally revised will be available towards the end of January. Instructions as to the making of the various entries will shortly be issued by the Board.

The school year will in future be held to commence after the Summer vacation and the first term certificate will relate to the term extending from the commencement of the school year up to Christmas and the second term certificate to the term extending from the opening of the school after the Christmas holidays up to the Summer vacation. Pupils appearing for the public examinations will thus have about a month before the close of the second school term in any year but arrangements will be made to receive their certificates up to the 1st May and they may thus be required to remain at and return to school after the public examination until the end of the term.

Pupils appearing for the public examinations in 1911, 1912 and 1913 will in addition to the attendances provided for in the School Leaving Certificate be required to have attended a recognised school for not less than 80 per cent. of the number of working days in the term commencing in January 1910 and ending with the summer vacation of that year.

It is assumed that few schools will be in a position to introduce any considerable change in the curriculum or mode of working at any rate in respect of the 5th and 6th Forms which assemble after the ensuing Christmas vacation.

A system of awarding marks for school work to which reference will be made in the instructions to be issued must if not already the practice be adopted not later than the commencement of the term following the Summer vacation.

The Board is not yet in a position to define exactly the scope of the public examination but it may be taken for granted that in the case of subjects which form part of the curriculum for the Matriculation Examination the same text-books may be used and similar instruction imparted for the present and that ample notice will be given of any change.

For other subjects with regard to which syllabuses have been issued in connection with the Government Technical Examinations those syllabuses of the elementary and intermediate grades may be consulted.

Certificate forms will be provided where desired for girls as well as for boys and for pupils in European High Schools as well as for those in other Secondary Schools.

The approval of Government will be sought for the grant to the Board of power to complete the certificates of pupils presented by the Maharaja's College School in Pudukota, the Central High School in Mercara and the Secondary Schools in the Civil and Military Station of Bangalore.

(8) A candidate having completed his paper will rise from his seat and remain standing until the Superintendent takes his answer papers. Any candidate wishing to ask any question of the Superintendent will pursue the same course, but will on no account leave his place.

(9) Any answer paper sent up without the candidate's name and number affixed will not be valued.

(10) Candidates will not be allowed to take any papers, except their question papers, out of the examination room.

(11) Candidates are forbidden to tear up papers or to throw ink or papers on the floor. All "spoilt copies, etc.," should be left on the desk where the candidate has been writing.
